Neurology for the Non-Neurologist (Weiner, Neurology for the Non-Neurologist)

Neurology for the Non-Neurologist (Weiner, Neurology for the Non-Neurologist)

Neurology for the Non-Neurologist, Sixth Edition is a practical guide for primary care physicians, psychiatrists, and other non-neurologist clinicians who encounter patients with neurologic problems. The book begins with overviews of neurologic symptoms, the neurologic examination, diagnostic tests, and neuroradiology, and then covers the full range of neurologic disorders that non-neurologists encounter.

Chapters follow a consistent structure with key elements highlighted for quick scanning. Each chapter begins with *Key Points* and includes *Special Clinical Points* interspersed with the text to focus readers on the most crucial details. The authors alert readers to *Special Considerations in the Hospitalized Patient* and *When a Non-neurologist Should Consider Referring to a Neurologist*. Each chapter ends with an *Always Remember* section emphasizing the most important practical issues and a series of self-study questions.

From reader reviews:

Roger Waldrop:

Here thing why that Neurology for the Non-Neurologist (Weiner, Neurology for the Non-Neurologist) are different and trusted to be yours. First of all reading a book is good but it really depends in the content of computer which is the content is as tasty as food or not. Neurology for the Non-Neurologist (Weiner, Neurology for the Non-Neurologist) giving you information deeper since different ways, you can find any reserve out there but there is no book that similar with Neurology for the Non-Neurologist (Weiner, Neurology for the Non-Neurologist). It gives you thrill looking at journey, its open up your own eyes about the thing this happened in the world which is probably can be happened around you. You can actually bring everywhere like in park, café, or even in your method home by train. For anyone who is having difficulties in bringing the paper book maybe the form of Neurology for the Non-Neurologist (Weiner, Neurology for the Non-Neurologist) in e-book can be your alternate.

Robert Collado:

Your reading 6th sense will not betray anyone, why because this Neurology for the Non-Neurologist (Weiner, Neurology for the Non-Neurologist) e-book written by well-known writer who knows well how to make book that may be understand by anyone who also read the book. Written with good manner for you, still dripping wet every ideas and writing skill only for eliminate your personal hunger then you still hesitation Neurology for the Non-Neurologist (Weiner, Neurology for the Non-Neurologist) as good book not just by the cover but also through the content. This is one guide that can break don't ascertain book by its deal with, so do you still needing a different sixth sense to pick this kind of!? Oh come on your reading through sixth sense already told you so why you have to listening to another sixth sense.

Thomas Heiden:

In this time globalization it is important to someone to receive information. The information will make someone to understand the condition of the world. The healthiness of the world makes the information easier to share. You can find a lot of recommendations to get information example: internet, newspapers, book, and soon. You can observe that now, a lot of publisher in which print many kinds of book. Typically the book that recommended to you personally is Neurology for the Non-Neurologist (Weiner, Neurology for the Non-Neurologist) this guide consist a lot of the information in the condition of this world now. This kind of book was represented just how can the world has grown up. The language styles that writer value to explain it is easy to understand. The actual writer made some analysis when he makes this book. Here is why this book suited all of you.

April Harry:

As a university student exactly feel bored for you to reading. If their teacher requested them to go to the library as well as to make summary for some reserve, they are complained. Just little students that has

reading's internal or real their pastime. They just do what the teacher want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that looking at is not important, boring in addition to can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Neurology for the Non-Neurologist (Weiner, Neurology for the Non-Neurologist) can make you feel more interested to read.
