Three Year Rule (The Rule Series Book 1) Alaina Stanford

**When Elizabeth Stewart first noticed Joshua Miller standing at the back of her audience she thought the tall, muscular man dressed like a lumberjack was in the wrong room. Little did she know, he was the key to her survival.**

*For the first time in her life Elizabeth faces the reality that the psychological theory she built her career on may be wrong.*

Elizabeth spent her entire adult life avoiding serious relationships. As the leading written authority on personal growth she couldn't afford a failed relationship. She kept her liaisons casual and short term. When she hires Joshua to build her mountain home deep in the Utah mountains she is drawn to the rugged construction owner. Joshua is the complete opposite of Elizabeth's usual suitor. She dated CEO's and corporate attorneys, not down to earth mountain men. This laid back, sexy man challenged everything she believed in, especially the three-year rule she had sold to the world. The rule insisting everyone has a pseudo personality they display to their new lover. A personality that hides their inner self and shelters their secrets. Suddenly, a stalker enters her life. Everything changes in an instant.
