Perspectives on Children's Spiritual Formation

Perspectives on Children's Spiritual Formation presents in counterpoint form four views of children's spiritual formation and four related methods of Christian Education. Each chapter is written by a prominent person(s) representing his or her view. Contributors also respond to the other viewpoints. Views include the contemplative-reflective model (cultivating a quiet, worshipful spirit), instructional-analytic model (involving child evangelism and Bible memorization), pragmatic participatory model (focusing on high-energy activities, often seen in mega-churches), and the media-driven active-engagement model (using a video-based curriculum with limited teacher training).
