A Whale Who Dreamt of a Snail: A bedtime picture book about our dreams, and how we are connected to the other inhabitants of our world. William Heimbach

"When I was little, I had a dream." So begins the new book by William Heimbach, illustrated by Angelina Tolentino. This story inspires us to think about our dreams while playfully showing kids the diversity of animals and environments in the world. If we dream about a whale, what does the whale dream about (perhaps a snail,) and then what? How are we all connected? The poetic quality of the story and the vivid illustration style makes for the perfect book to read before bedtime.
