Luminosity Mark Henderson

Light, color and the perfection of the male body - Mark Henderson doesn't need more to create images of an unmistakable style, which are incredibly popular with the audience. Luminosity is already the fourth photo book by the American artist. And he sticks to his formula for success: masterfully reworked images of men who can easily make your mouth water. And of course we're perfectly fine with that. After all this collection offers everything we love Henderson for.
