This book is based upon the Books of Daniel and Revelation, and events that the entire world are looking at everyday. What is so disturbing is that most folks have no idea that these catastrophic events are painting a picture that is far more disturbing to what they will bring with them. Most people and I include Christians among this group, have no idea what is soon to be on us all, if they did they would be on the street corners trying to warn everyone they could, but it is like the entire world have scarves over their eyes. I know in my heart that God will not wait for these people to wake up, he will not force himself upon those who just do not care. I have been a student of the Bible for over 25 years now, and that is the reason for this book, I will not sit idly by and do nothing, not when I see all these events that Daniel and John the Revelator recorded for all of us whom the end of the world have come.

What we will be talking about in these writings in the Book of Daniel in the Old testament and the book of Revelation in the New Testament. We will focus on these two books because Daniel and John are both Apocalyptic Prophets. Apocalyptic means a great catastrophic end. All Bible scholars agree that these two books contain eschatological prophecies, meaning end time prophecies. There is another reason why we want to put these two prophetic writings together, just read Daniel 7 and then read Revelation 13 and you will see that they are almost identical, it's a carbon copy, you, even see the same images. There is another reason for giving the book of Daniel our special attention, when the disciples asked when it would be the time for his return and the end of the world, he pointed everyone to the Book of Daniel, please look at Matthew 24: 15,16- When ye therefore shall see the Abomination of Desolation, spoken by Daniel the Prophet, stand in the Holy place, (whoso readeth, let him understand).

We as human beings, have listened to sermon after sermon every Sunday for so many years, but because of world events, that seem to be appearing on the world stage you are wondering how much time is left, where you and your family will have a normal life? What happens to a nation that has lost everything but they no longer have any collateral to continue to borrow? Well they start printing more and more money to pay off their debts. World Markets decide because of U.S. flagrant disregard of their monetary situation in world markets they then decide to go off the dollar monetary valuation that has been in place since 1945 that everyone world wide uses to purchase oil. So Nations are now turning to another currency in their purchase of Oil. Folks. What I am trying to say to anyone who will listen, we are headed for some very trying and hard times, where we will be wondering where our next meal is going to come from! Many are saying, things are just fine where I am at. All I can say is, "wait!"

You are soon to read about the "events that will signal, or should I say, "will mark the beginning of the "Time of the End" spoken by Daniel the Prophet. This is where it all begins, in 3 places, in 3 epistles , JESUS refers only to one Prophet out of the entire Bible, yes you guessed it right, "Daniel" ! Matthew 24:15, Luke 21:20, Mark 13:14, When ye therefore shall see the Abomination of Desolation, spoken by Daniel the Prophet, whoso readeth let him understand. So should we pay close attention to the book of Daniel ? Absolutely, very close attention, because soon time will open to our senses the urgency of the matter that lies directly in our path, but only if we are looking. What is approaching our shores is unlike anything that mortals eyes have ever beheld in the history of this world. When a person studies prophecy, especially when the events written about for thousands of years are taking place almost everyday right in front of your eyes, the book starts to read like the daily newspaper.
