**Hot Flat And Crowded: Why We Need a Green Revolution - and How It Can Renew America** Thomas L. Friedman

A wag once quipped that Thomas Friedman's bountiful bestseller *The World Is Flat* calmed the storms about globalization. In his latest effort, the influential New York Times Op-Ed columnist presses his case that Green is the new Red, White, and Blue. Friedman argues that environmentalism isn't just a survival imperative; it's the best way to make America richer, more productive, and, not least, more secure. Spanning the globe, he presents case study after case study that shows that Green-oriented practices and technologies are the key to revitalizing our country and stabilizing an increasingly energy-starved world.
