My Father Figures William J Gardner

As a military spouse in North Carolina, I run into a young female with more problems than a mathematician. She is desperately in search of love and attention from a father figure she never came to know as a young girl. Confusing love with lust and sex. Going from stripping up north to getting bludgeoned down south. She is confused and distraught, as she is confronted with the choice of life and death in this emotional roller coaster ride that she calls life.(Based on True Events)
