Book Two of the Taken By Aliens Series.

Alien scientists have just discovered that crossbreeding with human females gives the alien hybrid offspring a change of being born with superpowers.

Unfortunately, Earth no longer exists, and humans have become a rare commodity.

When the aliens abduct Talia, they have big plans for her - to turn her into an alien sex slave by renting her out to rich aliens who will pay for the privilege of filling her womb with their seed and her having their babies.

In this book, Talia begins plotting her escape and meets her second client, the charming alien prince Allett. This 5000 word story includes double penetration, impregnation, and a dash of alien romance.
