Do you ever sense a presence nearby? - Now hear what they are saying

Ever feel a presence or a sign of ‘something’, but blame it on your imagination? Many people do, and don’t give it a second thought. But there IS SOMETHING THERE!

Some people suspect there is much more to these occurrences. Is it the spirits of dead people trying to contact you? A departed loved one watching over you?

Now you can find out!

This book is a practical, step by step guide that shows you how to talk to spirits and get voice messages in response! Using a method known as Electronic Voice Phenomenon (EVP), you will prove to yourself that there is an afterlife.

Using The Simple Methods In This Book, you will...

- Hear the voices of ghosts and spirits answering your questions
- Know for sure if you have contacted a loved one by recognizing their voice - so there's no doubts or trying to make it fit
- You get suggested questions for the spirits - and the right way to ask them for maximum response
- Hear some ghostly voices captured by the author
- Much, much more!

With EVP you don't have to do any exercises or meditations or dreaming. You don't need a psychic ability or be sensitive or religious. EVP just works. Try it and you will believe.

You don't get signs from spirits with this technique... you get their ACTUAL VOICE! If you think you may have got signs from someone who has died, then maybe they have something to say to you. And this book shows you how to hear those messages.

EVP is nothing new – it’s been used by thousands of people since the 1950s. However, what this book does is break it down to an exact step-by-step - what you need is this - here's how to position everything - these are the questions to ask, detailed method that gets fast results.
