## **Firefighter Rescue And Survival** Richard Kolomay, Robert Hoff

Deliberate training in firefighter rescue and survival is a field that is new to many in the fire service and private industry alike. For those firefighters and company officers assigned to a Rapid Intervention Team (RIT), not making the correct split-second decisions—such as immediately recognizing changes in fire behavior or failing to evaluate their level of SCBA air—can result in the loss of the lives of the entire team.

In an effort to reduce the number of line-of-duty firefighting injuries and deaths, while at the same time being proactive in fire service training and leadership, authors Richard Kolomay and Robert Hoff have drawn upon their combined 50+ years of firefighting experience to put together this comprehensive guide.

Key features & benefits:

- Provides an awareness of firefighter safety and proactive fire service training
- Describes various types of serious firefighter injuries and fatality incidents during emergency incident operations
- Details recommended Rapid Intervention Team operating methods and procedures, as well as how to activate a Rapid Intervention Team

### **From reader reviews:**

#### **John Espitia:**

Book is to be different for each and every grade. Book for children right up until adult are different content. As you may know that book is very important for all of us. The book Firefighter Rescue And Survival seemed to be making you to know about other expertise and of course you can take more information. It is very advantages for you. The book Firefighter Rescue And Survival is not only giving you far more new information but also to get your friend when you really feel bored. You can spend your current spend time to read your publication. Try to make relationship together with the book Firefighter Rescue And Survival. You never sense lose out for everything when you read some books.

#### **Lori Morgan:**

Nowadays reading books be a little more than want or need but also work as a life style. This reading behavior give you lot of advantages. Advantages you got of course the knowledge even the information inside the book that will improve your knowledge and information. The information you get based on what kind of e-book you read, if you want have more knowledge just go with schooling books but if you want truly feel happy read one using theme for entertaining for example comic or novel. The actual Firefighter Rescue And Survival is kind of e-book which is giving the reader erratic experience.

#### **Todd Voss:**

Many people spending their period by playing outside using friends, fun activity together with family or just watching TV the entire day. You can have new activity to enjoy your whole day by reading through a book. Ugh, do you think reading a book really can hard because you have to bring the book everywhere? It all right you can have the e-book, taking everywhere you want in your Touch screen phone. Like Firefighter Rescue And Survival which is obtaining the e-book version. So , try out this book? Let's notice.

#### **Judy Marinez:**
