In Search of Thomas Jr Daniel V. Townsend

After the Civil War, the Townsends of Carolina especially and those that migrated to Mississippi, Texas, Tennessee and other pioneer settlements began to seek thier heritage. Perhaps family bibles and knowlege of early Quaker meetings were resourceful for Dunn's Quaker's and those Western Bladen folk. Before long a Richard Townsend the weathest land owner south of Lumberton, N.C. named his ahbury pioneers "Raynham". He produced the finest antibellum sons in the region, but few of the scattered "Townsends" in our developing land recorded who begot who and by whom, for posterity. After FDR's funding provided for Harlee's Kinfolk, some family matching began to take place. I began my quest in 1989, and looked backwards to Thomas born about 1725. The book is a tale of how this search began, was done, and it list the details of discovery. I draw conclusions lost in time for almost 200 years. The book developed in 30 years of research. It is intimate, base, and tells it like it was. You will enjoy the long-serving quest for an answer.
