Richard Bonney

The European Dynastic States, 1494-1660 (Short Oxford History of the Modern World) Richard Bonney

This is a study of Europe during the sixteenth and seventeenth centuries—a period of economic and cultural upheaval, of dramatic changes in politics, society, and religion, and of constant warring among the emergent states. Based on extensive research, this book covers such diverse themes as the Reformation, witchcraft, diplomacy, population structure, the growth of capitalism, wars of religion, and wars of expansion. Bonney also examines the Scandinavian countries and Russia, areas frequently neglected by historians.
