The God of Jesus: The Historical Jesus and the Search for Meaning Stephen J. Patterson

This book is the result of the author's involvement with the Jesus Seminar. The premise is that the quest for the historical Jesus has always been closely related to the Christian search for God, and that this is both good and necessary, provided that one properly understands the relationship between history and theology and does not confuse the two. Patterson develops a theology that might properly be called a "Jesus Theology" and it is here that his contribution to the discussions of and about Jesus makes it a most distinctive contribution.
