**Inked** The bright spots in Megan's days are when Nick and Sean Dorian, identical twins, stop by the office. Being with two men is her fantasy--good girls don't fantasize about things like that, do they? Megan's fantasy comes to life, not only being with two men, but having them dominate her--that's all she wants. But the twins intend to have a happily ever after with her and they won't let her get away. **Branded** Drew's sex toy business flourishes, but her love life is not as hot. Men would just cheat on her, because that's what men do. Colton and Dane know what they like when they see it, and Drew's exactly that. When the unthinkable happens, the men are there to save Drew. Time spent being taken care of by the men brings her dangerously close to the one thing she doesn't intend to ever do...fall in love. **Marked** Tracie craves submission and control. Men don't hang around in her life, so she's trying to be content with her dark dream lover and memories of submission past. When she sees not one but two men who stir her fantasies, Tracie knows she'd better head in the opposite direction. **Fast**. But Lucas and Kane have other ideas, which include the pretty blonde on her knees...and in their lives. Permanently.
