How I built MY SIX-SIDED LOG HOME from scratch: Build it Mortgage Free !! Constantine Issighos
Read this book cover to cover before you begin building this or any other kind of log home or cabin. You should find important information that should save you thousands of dollars. This book shows you a true and tried method of how I Built my Log Home Mortgage Free by applying financial methods used by myself. If you are like me (not a rich man) then this books is for those who have little money, and can think outside the box. There are some "staged" How-to books on log home construction that shows you prefabricated unnatural logs. This book is not. My book is offering you a way of using natural logs of genuine owner-build log home from scratch--just as our pioneer ancestors in USA and Canada used natural logs to build durable weatherproof and protective dueling. I too build my log home from scratch--simply because I started with little money. I followed the old wisdom "necessity is the mother of invention." I should guide you from the beginning of How-to choose the right kind of land, the correct building site, including logging and trying process, foundation, log-wall building, exterior and interior construction, interior and exterior doors, cabinets and vanities, septic system, plumbing and electrical works, calculation logs and material ahead of time and much more. I should pass on to you my personal experience as a log home builder, and show you how to be financially creative so you can build your log home mortgage free. YES THIS IS EXACTLY WHAT I am SAYING. This is an inspirational book for those who want to achieve their personal dream of owing their own log home. This book includes real-life pictures, model and blue print designs, illustrated instructions for any kind of log home or cabin. I wish you the best !!
