No woman would ever need a vibrator again with a mouth like his.

Laura had never **given herself** to any man. "That" was supposed to be reserved for marriage, or at least **Mr. Right** -- and no man had ever made it that far, to be worthy of that label. That is until she meets Scott, the **white-hot billionaire**, who draws Laura to him in a way that she simply **can't say no**. In a way she doesn't *want* to say no.

Never in her wildest dreams would she have imagined **her first time** to be anything but vanilla. But "vanilla", it seems, isn't even in a **dom** like Scott's vocabulary... but as Laura quickly discovers, *when you submit is when you feel everything*.

HARD. RAW. and to the bone...
