Private Security Law: Case Studies David Maxwell

Private Security Law: Case Studies is uniquely designed for the special needs of private security practitioners, students, and instructors. Part One of the book encompasses negligence, intentional torts, agency contracts, alarms, and damages. Part Two covers authority of the private citizen, deprivation of rights, and entrapment.

The factual cases presented in this book touch on the everyday duties of persons associated with the private security industry. Private Security Law: Case Studies provides a basic orientation to problems capable of inciting litigation. The information presented through case laws comes from cases chosen for their factual, realistic, and practical connection to the private security industry. This focused approach addresses specific problem areas of the industry and provides information necessary to a security manager to avert future loss.

Specially designed for private security practitioners, instructors, and students.

Examines cases that are practical, realistic and relevant to specific areas of private security.

Provides the information security managers need to avoid future problems.
