The Shadow and Night (The Lamb Among the Stars, Book 1) Chris Walley

In the first book in the epic Lamb among the Stars series, author Chris Walley weaves the worlds of science and the spirit, technology and supernatural into something unique in science fiction. Twelve thousand years into the future, the human race has spread across the galaxy to hundreds of terraformed worlds. The effects of the Fall have been diminished by the Great Intervention, and peace and contentment reign under the gentle rule of the Assembly. But suddenly, almost imperceptibly, things begin to change. On the remotest planet of Farholme, Forester Merral D'Avanos hears one simple . . . *lie*. Slowly a handful of men and women begin to realize that evil has returned and must be fought. What will this mean for a people to whom war and evil are ancient history? Thus begins the epic that has been described as "If C. S. Lewis and Tolkien had written Star Wars."

The Shadow and Night was previously published in two volumes: *The Shadow at Evening* and *The Power of the Night*.
