"Genuine Chevrolet Interchangeable Parts: Buick-Olds-Pontiac 1929-1952." This parts book is the book that GM dealers would have used to order parts: it shows which Chevrolet, Buick, Olds, and Pontiac parts interchange with one another. The listings are arranged by part group numbers. You will find model applications for interchangeable parts for each car line is shown. You will see complete model identification, original parts numbers, and group numbers which are still useful because many current parts vendors still use them. You can use this book to save money by purchasing less expensive parts, or you can use it to find substitutes for those parts that are impossible to locate. Includes many small parts that you won't find in other interchange sources, such as Hollanders. The listings are complete for '41-'52, pretty good back to '33; and some listings can be found back to '29. Covers all Chevy, Pontiac, Olds, and Buick cars and trucks from 1929-1952, inclusive. This 11x 8 1/2" book has 139 pages and is in new condition.
