"No-one knows whether an Artefact-Disc will open a portal to a different world until the button is pressed for the first time. Ninety times out of a hundred nothing happens - the disc is a dud. Nine times out of a hundred the tester pressing the button is tragically killed on the spot by an arc of lightning. But rarely, one time in a hundred, a wondrous thing occurs - the presser of the button opens a portal to a strange and fantastic new world."
