Wallace Wattles

The Science of Getting Rich: Passionpreneur University Edition (Volume 2) Wallace Wattles

This is the Passionpreneur University™ Edition of *The Science of Getting Rich* by Wallace D. Wattles, presented by and with an introduction by Walt Goodridge, author of *Turn Your Passion Into Profit*

It is the second "required reading" text for the Passionpreneur University™ Master Program. It Includes the original text of Wattles' work; Walt's introduction footnoted definitions to aid comprehension; plus "Professor Passion's Notes" after each chapter, to help interpret and apply *The Science of Getting Rich* to the process of turning your passion into profit; Bonus: Link to a FREE audio version!

SAMPLE of "PROFESSOR PASSION'S NOTES"

There will be those who immediately resonate with Wattles' initial ideas on the right to be rich and will use them as a springboard for success. What about you? Are you feeling some resistance to some of these ideas? If so, you're not alone. There will be those who take exception to Wattle's opening premise and his contention, for instance, that one who does not desire to be rich is abnormal. Wattles may have been speaking from a worldview and paradigm of a young soul (See *Turn Your Passion Into Profit* for more) and who assumes everyone else thinks the same way, but don't let that turn you off or cause you to miss the overall value of what Wattles offers here.

For those old and mature souls who don't value money to the degree that younger souls do, I suggest you retitle this book in your mind as *The Science of Getting Compensated* or *The Science of Getting Financially Rewarded for Your Passion-Centered Business*, and simply substitute the words "compensated" or "rewarded" every time Wattles' uses the word "rich."

At the same time, I also suggest that you make mental note of any resistance you feel at Wattles' words and ask yourself if this resistance is actually a symptom of a resistance to success. Is it possible you're responding in this way because you were raised to believe that the pursuit of wealth somehow makes you "too materialistic?" Are you responding this way because of all the negative associations about money with which many of us are raised? As I state in the Profit chapter of *Turn Your Passion Into Profit*:

[Excerpt] If you see money as an expression of the abundance of the wealth that God has created, and that you are entitled to share in, then you will be on your way to wealth. If, on the other hand, you feel money is one of man's evil inventions that is far removed from the realm of the Godly, then you'll surely have a difficult time attracting and accumulating it in your life. For which person wants to be un-Godly in anything they do?[End]

If you are one of the richness resisters, I suggest you continue reading Wattles' words with an open mind. Don't fight these ideas until you determine if indeed you're simply an old soul in a young soul's world, or if, in fact, it's your negative money-programming being activated! Who knows? Perhaps Wattles will surprise you and redeem himself and how you perceive him!
