**The Holy Days Code: How the Law and the Gospel Are an Encoded Messaging System** Mark Stading  
The Law of Moses commands Israel to religiously observe a number of days out of the year starting with Passover. These days have become known as the “Holy Days”. In studying their testimony they are found filled with mysterious details.

The testimony of the Gospel’s Last Supper, Crucifixion, Burial Period, and the Resurrection of Jesus Christ all indicate a mysterious connectedness with the leading edge Holy Days starting with Passover.

This book examines what the various connections are in detail. The argument will be put forth that the Holy Days testimony is in fact a “Holy Days Code” in that the Law’s testimony is an “encoded” message which the Gospel Accounts “decode”. Why this Code has remained undetected from time immemorial is because Judaism and Christianity

have historically divided Scripture in two and, in so

doing, have kept the Law and the Gospel separated from one another preventing this relationship to be known.
