German Shepherd Handbook, The (Barron's Pet Handbooks) Dr. Mary Belle Brazil-Adelman

This sturdy animal makes a loyal pet, a dependable work dog, or a formidable watchdog. Here's advice on all aspects of care. Titles in this pet care series are similar to Barron's Pet Owner's Manuals, but are larger, with more detailed instruction and more illustrations. The books advise pet owners on purchase, health care, nutritious feeding, proper housing and other facts important to owners and their pets. All books in this series have dozens of high quality, full-color photos and instructive line drawings. The Optimum Placement Technique (OPT) was developed after the author had trained and titled dogs in conformation, obedience, tracking, herding, Schutzhund, rally, agility, police, search & rescue, service dogs and other activities involving canine and human cooperation.
