The Role of Theory in Sex Research (Kinsey Institute Series)

The Role of Theory in Sex Research (Kinsey Institute Series)

Attempting to bridge the epistemological gaps between "positivist" and "postmodern" approaches to theoretical models of sexual behavior, this book brings together essays and discussion by scholars representing a range of viewpoints and contrasting theoretical approaches. The essays examine four areas: sexuality through the life cycle, sexual orientation, individual differences in sexual risk taking, and adolescent sexual behavior.
