Controversies in Media Ethics offers students, instructors and professionals multiple perspectives on media ethics issues presenting vast "gray areas" and few, if any, easy answers. This third edition includes a wide range of subjects, and demonstrates a willingness to tackle the problems raised by new technologies, new media, new politics and new economics.

The core of the text is formed by 14 chapters, each of which deals with a particular problem or likelihood of ethical dilemma, presented as different points of view on the topic in question, as argued by two or more contributing authors. The 15th chapter is a collection of "mini-chapters," allowing students to discern first-hand how to deal with ethical problems. Contributing authors John A. Armstrong, Peter J. Gade, Julianne H. Newton, Kim Sheehan, and Jane B. Singer provide additional voices and perspectives on various topics under discussion.

This edition has been thoroughly updated to provide:

- discussions of issues reflecting the breadth and depth of the media spectrum
- numerous real-world examples
- broad discussion of confidentiality and other timely topics
