The Mystic Moon Series - Book One Escaping from the persecution of the European witch hunts, a beautiful witch with the power to control the wind joins forces with a handsome Cavalier on a mission to save the King of England and the colony of Virginia. Catlin Glyndwr is a tenth generation Mistress of Elements -- a hereditary witch who can call upon her elemental spirits for assistance in casting spells. Accused of witchcraft in seventeenth century England, she faces the hangman. Even though she took a vow never to hurt anyone with her magic, if her true powers are revealed, she'll be executed. Sir Griffin Reynolds is on his way to the colony of Virginia, on a secret mission to locate Puritan rebels intent upon seizing the throne of King Charles II. When his best friend becomes deathly ill while interrogating a beautiful Welsh maiden accused of using magic to attack a local official – Griffin is forced to strike a bargain with her in order to save his friend's life. When Catlin and Griffin travel together on a voyage to the American colonies, they try to resist the pull of erotic sensuality that flares between them. It is a temptation they both soon crave. But danger lurks aboard ship and evil haunts Catlin. She must learn how her destiny is linked with that of the man who has vowed to protect her. In a dangerous and unexplored world, where superstition exists along side the new discoveries of science, powerful elemental spirits are capable of assisting the magical adepts. But there is always danger in harnessing magic and a price to pay when one calls to the spirit world for help. While Griffin tries to deny his attraction to Catlin, she works her own special magic on his heart and he discovers he cannot resist falling under her sensual spell. Together, Catlin and Griffin learn that a journey of the heart requires courage, trust and the ability to believe in the astonishing gift of love. A beautiful witch discovers there's more than one way to be wicked!
